1.1 About MADAR & the Logo

About the Company

MADAR Logistics Solutions is a Saudi limited liability company delivering integrated logistics services across the Kingdom. Built on Vision 2030's ambition to develop a world-class logistics sector, MADAR serves every market segment — from e-commerce brands and retailers to industrial manufacturers and FMCG distributors.

About the Logo

The MADAR wordmark uses a bold italic letterform split across two colors — deep purple for 'Mad' and bright orange for 'ar' — with an embedded forward arrow between them. The italic style communicates speed and momentum. The arrow signals direction, delivery, and forward motion.

1.2 Brand Logo Minimum Clear Space

- Clear space prevents any graphic elements from interfering with the logo's legibility.
- No graphic elements should encroach within the border zone. Clear space = 50% of logo height on each side.
- Minimum digital size: 120px width for full logo · 32×32px for icon · Minimum print: 20mm wide.
